

LAUNDRYFLOW - INTERACTIVE BUSINESS PROTOTYPE

A modern laundry website with a live dashboard.

Let customers track every load while the owner sees machines, orders, sales and branches in one place.

Everything the laundry needs to look modern and run clearly

Website, customer updates, daily operations and management reports - connected in one system.

1

Customer-ready website

Services, locations, machine availability and a clear Track My Laundry action.

2

Live machine tracking

Available, washing, drying and ready status with an easy remaining-time view.

3

QR start and ready alerts

Scan the machine QR, follow the digital timer and receive a pickup notification.

4

Flexible services and add-ons

Wash-dry-fold, self-service, ironing, fabric care, pickup and delivery.

5

Owner operations dashboard

Orders, sales, payments, machine use and issues in one clear view.

6

One-click filtered reports

Filter sales, customer, machine and service reports by date and branch.

Multi-location ready from day one

Customers choose a branch. Owners compare every location from one dashboard.
